REMARKS

Requirements for Filing a Petition Under 37 C.F.R. § 1.47(a):

Title 37 C.F.R. § 1.47(a) states:

If a joint inventor refuses to join in an application for patent or cannot be found or reached after diligent effort, the application may be made by the other inventor on behalf of himself or herself and the nonsigning inventor. The oath or declaration in such an application must be accompanied by a petition including proof of the pertinent facts, the fee set forth in § 1.17(g) and the last known address of the nonsigning inventor.

To satisfy these requirements, Applicants provide:

- (1) A Declaration signed by the available inventors;
- (2) A Statement by an agent of the Assignee of the present application, Ms. Teresa Shering regarding diligent efforts undertaken to locate the non-signing inventor (Appendix A);
- (3) The last known address of the nonsigning inventor; and
- (4) The petition fee as set forth in 37 C.F.R. § 1.17(g).

Applicants also provide below a summary of the pertinent facts related to Applicants' diligent efforts to locate the non-signing inventor.

Summary of Pertinent Facts

Pursuant to the requirements set forth in M.P.E.P. § 409.03(d), Applicants support their petition under 37 C.F.R. § 1.47(a) with a statement of facts (see Appendix A), which is signed by Ms. Teresa Shering, who is an IP and Licensing Manager at Intercytex Limited, the assignee of the present application (Assignment recorded on November 9, 2006, at Reel/Frame

018502/0276). Ms. Shering has firsthand knowledge of the facts recited in the accompanying Appendix, as it was she who undertook several unsuccessful attempts to locate and contact Ms. Batten. Ms. Shering's efforts include attempts to contact Ms. Batten at her last mailing address, attempts to contact Ms. Batten at her last known phone numbers, attempts to contact Ms. Batten by e-mail, attempts to reach Ms. Batten through her boyfriend's phone number, attempts to reach Ms. Batten through her previous employer, attempts to locate Ms. Batten by conducting internet searches, and attempts to reach Ms. Batten through the Merseyside local education authority where Ms. Batten is a registered supply teacher. In view of the diligent efforts taken by Applicants through their agent, Ms. Shering, to locate Ms. Batten, Applicants submit that the signed statement by Teresa Shering detailing the steps taken to locate Ms. Batten satisfies the requirements under 37 C.F.R. § 1.47(a).

Signed Oath and Declaration by Available Inventors

Applicants' attempts to locate Ms. Batten, as is discussed above and as is evidenced by Ms. Shering's statement provided as Appendix A, represent a *bona fide* attempt to comply with the requirements of 37 C.F.R. § 1.47. Accordingly, Applicants respectfully request that the enclosed Declaration, which is signed by all of the available inventors and in which the signature block of the nonsigning inventor, Ms. Batten, has been left blank, be accepted and that the present application for patent be allowed to proceed as being made by the other inventors on behalf of themselves and the non-signing inventor, Ms. Batten, as is permissible under 35 U.S.C. §116 (see M.P.E.P. § 409.03).

Last Known Address of Nonsigning Inventor

As is required, Applicants provide the last known mailing address of Ms. Margaret Batten, which is:

Margaret Batten
63 Ormskirk Road
Rainford
St. Helens
WA11 8DQ

CONCLUSION

Applicants submit that the requirements under 37 C.F.R. § 1.47(a) have been satisfied and respectfully request that the enclosed Declaration be accepted so that the above-referenced application for patent may be allowed to proceed.

Enclosed is a check in payment of the petition fee set forth in 37 C.F.R. § 1.17(g)
